All residence halls include community kitchens, laundry facilities, heating, and clothing storage.

*\*Listed rates are for the 2021-22 academic year. Housing and Residence Life reserves the right to correct any billing errors and/or fees that do not match the established rates as set forth by the Virginia Tech Board of Visitors. Room and board rates for the next academic year are typically posted in late spring semester after approval from the Budget Office.*

*\*All rates are listed without the \$50 per-semester Living-Learning Program fee. This fee applies to students who apply and are accepted into a Living-Learning Program. This fee supports the cost of operating the program and events associated with the LLP spaces. Please note that a residential college comprises the whole of the building in which it is housed. All students residing in Ambler Johnston, O'Shaughnessy Hall, and the Creativity and Innovation District are required to pay the LLP fee, whether or not they applied to be in that program.*
