

# SELECTING A ROOM IN STARREZ WITHOUT A ROOMMATE GROUP

**By not being in a roommate group, you may choose any room available to you. If someone is not already occupying the other spaces in the room, they will fill after you have made your selection.**

1. Log into the StarRez Portal. From the “Home” page click on the “Housing Contracts” tab.

2. Read through the “Welcome” page and then click “Start or Continue Process.”

Incoming first-year students and associate students are automatically granted access to the housing/dining section of the portal upon their acceptance of the admissions offer. Returning, undergraduate students receive their offer either by their participation in the Housing Application Process (“the housing lottery”) or through their membership in a living-learning community or area such as our on-campus fraternity and sorority houses. Transfer and graduate students receive housing from their entry onto the contract wait list.

The process is broken down into 5 general sections:

1. Begin Process and Confirm Demographic Information
2. Living-Learning Community Interest Application (for new students)
3. Completion of the electronic signature on the terms and conditions page. This step is crucial and it helps establish your priority in the assignment process, so you should do this as soon as possible.
4. Creation of your roommate profile and roommate selection management.
5. For many students, you will self-select your room when it is your turn (you’ll be assigned a timeslot to return to the site and pick a room)

If you have questions during this process, please contact the assignments staff at [housing@vt.edu](mailto:housing@vt.edu)

**START OR CONTINUE PROCESS**

3. Find the correct term and click “Apply.” This will be an Academic Year term. This opens the housing contract process. Read the introduction prior to clicking “Proceed to Housing/Dining Contract.”

## Term Selector - First-Year/Associate Students

Please select the academic year or summer semester for which you are applying for campus housing.

Your housing contract spans both the fall and spring semesters if you remain enrolled at Virginia Tech. For example, the Academic Year 2022 - 2023 would include both fall 2022 semester and spring 2023 semester.

Please select an active term process below:

Academic Year 2023-2024

APPLY

For returning students, please make sure you have read your contract offer letter for any specific details and have reviewed the terms and conditions of your offer. The housing/dining contract is a legally-binding agreement (lease) between you and the University. If you return the housing contract, you agree that you cannot seek contract cancellation at any time subsequent to signing and returning the lease and that you are financially liable for room-and-board charges for the entire academic year, if you continue to be enrolled.

We're really excited to have you on campus with us in the upcoming year! Please click the button below if you are ready to start!

4. Follow the on-screen instructions until you get to the Room Assignment Process page. Click “Accept the Notice and Continue.”

## Room Assignment Process

### TimeSlot Distribution

For returning students, you will receive a timeslot email notifying you of your time to select a room if you have a standard contract offer. This will occur in March and April.

For incoming first-year students, your timeslots for assignment will be in June and July. Please watch your *@vt.edu* email for this information.

### TimeSlot

Your scheduled timeslot starts at 1/31/2023 09:15. (Note 24-hour time format)

#### Room Selection Guides:

In preparation for Room Selection, we have two guides to show the steps in making your room assignment when you are notified that it is time for your assignment timeslot via email. Students joining the Corps of Cadets will be assigned by the Office of the Commandant.
